TO WHOM IT MAY CONCERN.

This to certify that P.L. FENNER has held the rating of Machinist's Mate 1st class on board this vessel for the past eight months.

During that time I have had charge of the Auxiliary Station and have had ample opportunity to closely observe the above named man and I find he is a very able mechanic, a hard conscientious worker, a good administrator and above all a thoroughly honest and trustworthy man.

Only regretting that the Navy is losing his services, I remain,

Yours truly

J. J. Ouwelant
J. J. OUWELANT,
Warrant Machinist,
U.S. Navy.
